

Mag-Tagz (Giveaway)

Girlie Girl's tastes changes from week to week. That's why anything easily interchangeable is always a bit hit in this house. So when I found out about [Mag-Tagz](#), I knew it would be the perfect accessory for my daughter.

COMPANY DESCRIPTION

Mag-tagz necklaces have a magnetic base and the charms, or tagz, can be easily switched out or traded with friends. New and limited-edition tagz come out every few months, so there's always something different to try.

MY REVIEW

We received a necklace base and one of the cutest bee designs around. Basically, the base is magnetic and you can purchase additional magnetic charms to place onto this base. There are tons of various designs to choose from so there's sure to be lots of options no matter what your child's tastes are.

What I really liked is how secure the interchangeable charms stay in place. No matter how much Girlie Girl runs around, I know she won't be able to lose them. And now she can collect and change the designs according to her mood or what she's wearing for the day without having tons of different necklaces to have to keep track of. This is definitely a great thing!

In addition, girls can also play the "Tag, You're It!" game. Players get started by entering the unique code found on the back of any tag, to get a clue. The goal is to collect four clues and figure out what the clues have in common. Players are encouraged to trade tagz or information with friends to learn more clues. Once they know the answer, they can submit it online and be entered to win amazing prizes like a Nintendo Wii. As added incentive to play, everybody who enters to win receives a special-edition tag just for participating.

Fans of Mag-tagz can also enter to win a totally different type of prize, one that awards their creativity. Girls are encouraged to design their very own tag and enter it into the Mag-tagz Design Contest. The entries are posted on the Mag-tagz blog and anyone can vote for their favorite. The winners get the ultimate prize—their design is produced as a limited-edition tag and their name is engraved on the back! Recent winners of the Design Contest include Connor, an eco-conscious 4th grader who designed the Green Earth Flower tag, and two friends named Lauren who designed the Bee tag together.

For a limited time, Mag-Tagz is offering everyone a 20% discount off your next purchase of \$20 or more. Just use the code **blogger20** when checking out. Stop by Mag-Tagz and find out what the latest rage is all about!

WIN IT! Mag-Tagz has generously donated a necklace base with either the bee or green earth design.

I subscribe via the Google Reader. I really love the starter kit.

Thank you for directing me to that website and thank you for having this contest.
